

SAFETY *Matters*

What is the Safety Matters Discussion Board?

The DFES Safety Matters Discussion Board provides an open and transparent means by which DFES can consult with employees across the whole of the department in relation to safety matters.

It provides a way for business areas to notify, consult with and feed back to employees in relation to safety matters or issues within their area.

The DFES Safety Matters Discussion Board enables everyone to share their perspective and participate in supporting us identify the best possible safety outcomes.

It provides a way for all employees to contribute to keeping ourselves and others safe.

The Safety Matters Discussion Board over coming months will feature information to support consultation activities relating to DFES' developing Safety Management System. After this time other matters will also be featured.

We welcome your input on Safety Matters.
